

Welcome to The ARC

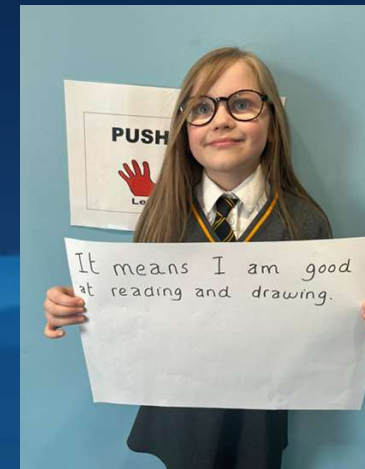

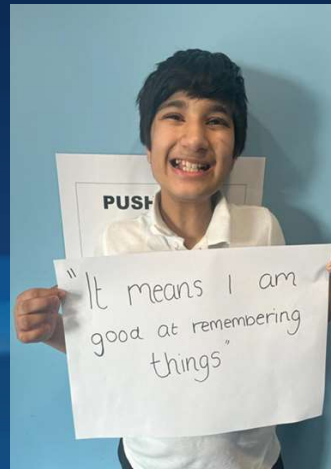

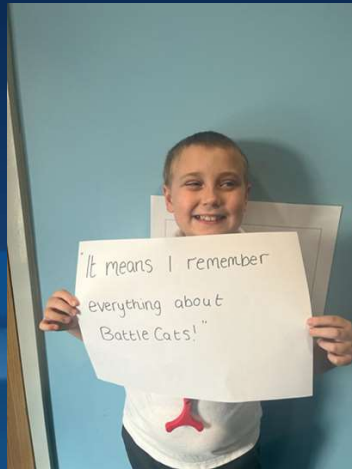

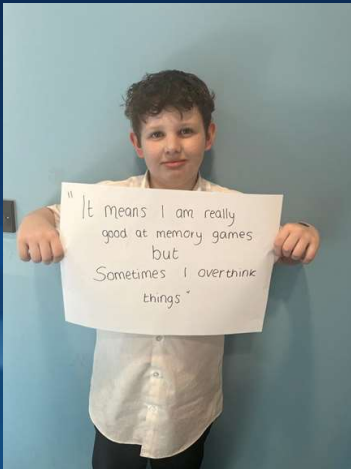

Where every adult wants you to do your very best.

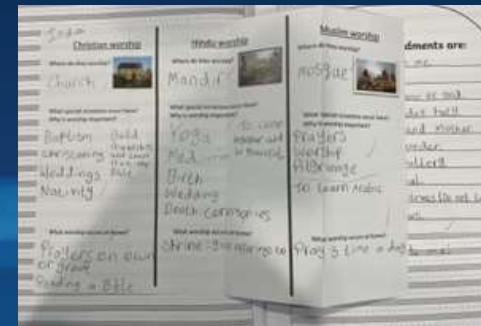

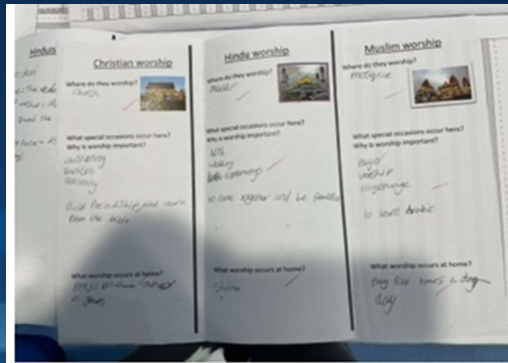

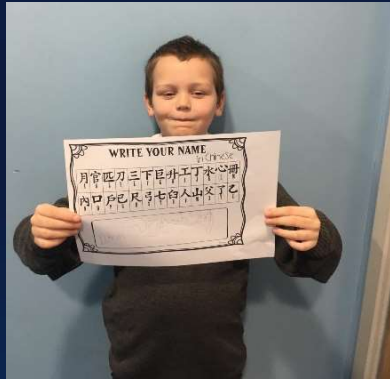

What AET Means to Me

AET: Social understanding and relationships– Investigating Chinese New Year to encompass British Values

AET: Communication and Interaction – all aspects of life

What Skills have I used?

negotiation followed the rules Pass the cards back
taken turns.

bargaining being patience team work.

GAMES AFTERNOON

AET: Sensory Processing – Supporting sensory needs to enable access to a broad and balanced curriculum.

Specialist bespoke PE lessons

Quiet lunch times

Specialist equipment

Just because.....

AET: Interests routines and processing – planting sunflowers to develop interests and develop scientific understanding.

How are plants suited to their habitats?

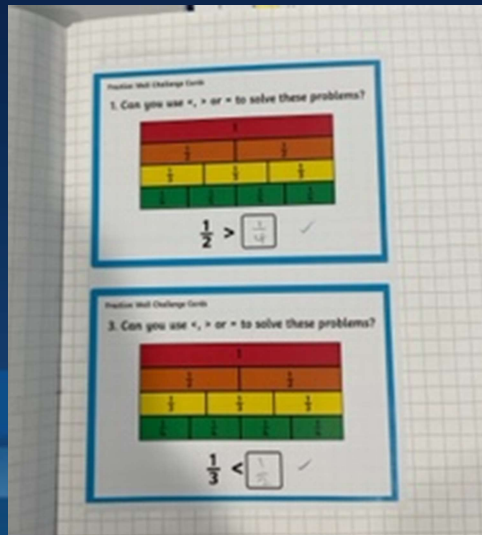

Research each plant and describe any features that it shows. Find out where the plant lives, and work out how it's features help it to survive in that habitat.

Plant	Features shown by the plant	How the features help the plant to survive
Flax	has long thin leaves	they have roots for food
Ice	has long thin leaves	they have roots for food
Willy	has long thin leaves	they have roots for food
Carrot	has long thin leaves	they have roots for food
Forward	has long thin leaves	they have roots for food
Witch Ham	has long thin leaves	they have roots for food

AET: Independence and community participation – Independently making and sharing a snack – fraction work in maths

Simplifying Fractions Chart

Shape	Shaded Fraction	Fraction Name in Words	Simplified Fraction	Simplified Fraction Name in Words
	$\frac{15}{20}$	fifteen twentieths	$\frac{3}{4}$	three fourths
	$\frac{10}{15}$	ten fifteenths	$\frac{2}{3}$	two thirds
	$\frac{10}{15}$	ten fifteenths	$\frac{2}{3}$	two thirds
	$\frac{9}{12}$	nine twelfths	$\frac{3}{4}$	three fourths
	$\frac{3}{18}$	three eighteenths	$\frac{1}{6}$	one sixth
	$\frac{6}{10}$	six tenths	$\frac{3}{5}$	three fifths

The impact of AET is wider than school life

Onwards and Upwards – from cultural capital to KS3
